

Nursing Excellence

24.7.365

Jackson
HEALTH SYSTEM

They're on the front lines. All day. Every day. All night. 24 hours a day. 7 days a week. 365 days per year. Highly trained. Compassionate. Skilled. Caring.

Jackson nurses handle the most complex cases. At the patient's side, no matter their needs. With the family, helping navigate their loved one's path to recovery.

Tireless. Professional. Hands on.
High tech. High touch.

A welcoming smile. The right information.
A strong, guiding hand. A tender touch.

Key members of interdisciplinary teams, Jackson nurses are among the best in their field. Problem solving. Respected. Resourceful.

The nurses of Jackson are quiet heroes. It's not about the recognition. It's helping others, easing suffering, and promoting healthy lives.

Jackson nurses were there in 1920 when there were 31 beds and 55 patients at Miami City Hospital. Today, Jackson Health System has 2,482 beds with more than 65,000 admissions annually.

"Jackson is the reason I'm in nursing. The patient population, cutting edge technology, and the aggressiveness of the healthcare team in treating patients make Jackson special."

Jillian Miller, RN, BSN, CCRN
Neurosurgical Intensive Care

Excellence: One Patient at a Time

Three-thousand strong, Jackson nurses are with the patient from the moment they're born, through complicated surgery and recovery, and during seemingly endless nights on the long road back to health.

**A team of healers, teachers,
and facilitators.**

Comfort for the Family

Jackson nurses help family members through the healing process; what to expect, how they can help, how to cope with the stress.

Commitment to World-Class Care

Jackson nurses are global leaders, committed to excellence in providing specialized world-class care through innovation, collaboration, and evidence-based practice.

“One of the best things about working at Jackson is being part of a team. Nurses participate in the plan of care, and the doctors listen to our recommendations.”

Juma Gangadeen, RN, BSN
Pediatric Emergency Room

Transformational Leadership

As today's healthcare environment experiences unprecedented, intense change, Jackson Health System nurses provide leadership to meet the demands of the future—creating the vision, the systems, and the expertise to meet new challenges.

Structural Empowerment

In every Jackson facility, nurses are supported and empowered to find the best way to accomplish the health system's goals and to achieve the desired outcomes. We have one of the most dynamic shared governance models in the nation.

New Knowledge, Innovation & Improvements

Jackson nurses are continuously improving healthcare through new knowledge and innovation to help transform the health system to meet the future.

Empirical Quality Results

With a focus on outcomes, evidence-based nursing practice at Jackson improves the quality of care for patients, families, and the community.

Exemplary

Professional Practice

Working with patients, families, communities, and the interdisciplinary team, Jackson nurses establish a strong professional practice by applying new knowledge and evidence to everything they do.

Diverse, Professional, Collaborative

Nurses in Jackson Health System work in 155 different areas—nearly every type of practice environment in the nursing profession. All nurses work under the centralized leadership of the Senior Vice President/Chief Nursing Executive, who sets the tone for nursing practice and fosters professionalism and shared governance.

Where Nurses Care and Relationships Matter

Jackson nurses embrace a culture of “Relationship-Based Care,” where patients and families are the center of care—they always come first. Through those relationships, our patients and families will feel safe and remember how our nurses made them feel cared for during their stay.

We hope we can build a relationship with you. Jackson’s Talent Acquisition Team is seeking the best nurses, advanced practice nurses, and other licensed professionals.

Exceptional salary, benefits and professional opportunity

Working in the largest teaching medical system in South Florida guarantees you a unique opportunity to develop your clinical skills working alongside nationally recognized healthcare professionals. Jackson’s affiliations with the University of Miami Miller School of Medicine and Florida International University ensure that you will work with the latest and most advanced practices, protocols, and treatments everyday.

Jackson offers you one of the best benefits packages anywhere, including generous annual personal leave days, tuition reimbursement, employer-paid pension, and a variety of flexible benefit options.

Join the team defining the future of healthcare.

“The great thing about Jackson is that it’s a teaching hospital system, which gives you the most experience in the most areas. Jackson feels like a family. I’ve made some good friends here. We have a great team.”

Natalia Rossin, RN, EMTP
Emergency Room

The largest teaching hospital in South Florida... ...only Jackson offers you so many ways to develop your skills.

With **2,482 beds** and more than **65,000 admissions** annually, Jackson Health System is six hospitals and many more outpatient facilities offering from the routine to the most specialized, **cutting edge health care**, anywhere.

Consistently ranked as one of the **nation's top hospitals** in a variety of specialties, Jackson is one of the world's busiest and most renowned in organ transplantation, trauma and emergency care, and pediatrics. *U.S. News & World Report* ranked the University of Miami/Jackson Memorial Medical Center the top hospital in South Florida.

As Miami-Dade County's safety net healthcare system, Jackson provides as much as **\$700 million** of uncompensated care to **needy patients** each year.
